# Mahindra MINIVATOR

## KEY FEATURES

**Excellent pulverisation, soil conditioning, weed control**

**Perfect choice for seedbed preparation and puddling in small fields**

**Loosen and aerate the soil upto 4 inches of depth**

**Ideal for fruit and vegetable cultivation, small farms, orchards, nurseries**

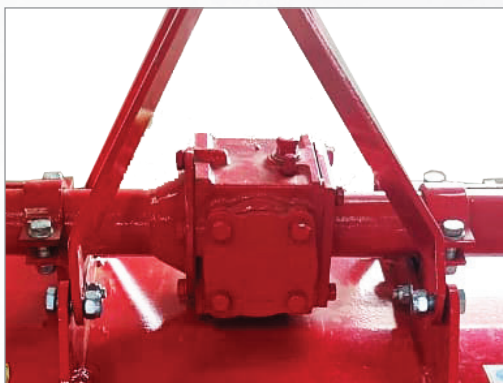

### Sturdy Design

Strong and sturdy design for hassle-free performance and better durability

### Optimal Blade Arrangement

The helical arrangement of blades reduces tractor load and makes the tillage fast and economical. Sealed bearings prevent moisture/mud entry

### Single-speed Gearbox

Straightforward drive, efficient for small fields

### Overload Protection

Heavy-duty PTO shaft with shear bolt for overload protection

## KEY FEATURES

### Balanced Rotor Shaft

Specially designed uniformly balanced rotor shaft reduces tractor load, helps consume less fuel, and avoids tyre slippage

### Fine Aesthetics

Intriguing aesthetics with superior fit and finish quality

## TECHNICAL SPECIFICATIONS

Parameters	Minivator	
Tractor hp (kW)	24/27/30 (18/20/22)	
Overall Length, mm	1243	1243
